

Demonstration When Wilson Leaves New York Unequalled in the History of the Port

President Sails for Peace Conference Determined to Crush Prussian Militarism Forever — Enthusiastically Cheered by Troops on American Transports Completing Their Voyage from England

On the transport George Washington, one time German passenger liner,

led by a naval convoy, the president left New York harbor today amid a demonstration without equal in the history of the port.

Mr. Wilson took his place on the

from many nations dipped flags and footed the water. The ship was crowded with men in khaki uniforms, sailors and passengers.

The ship was under the command of Admiral Mayo, the peace squadron is heading. It is understood that the ship is en route for Brest, an American departure is uncertain. The date of arrival is uncertain, but a quick passage is not required, as simple time remains for conferences preliminary to the peace conference.

Mr. Wilson, together with the wives of the President, the Secretary of State and the French and Italian Ambassadors, are members of the George Washington company.

Plans for Electric Locomotives

[illegible]

Mr. Clark had attacked the efficiency of the chief of police. But the city council had no jurisdiction over the police department. That was in the sole control of the police commission, consisting of the judge of the district court, the magistrate and the

Mr. O'Connor's Remarks

Mr. O'Connor, on being introduced, stated that on account of Mr. Wilson being confined to his room, he had been asked to represent the candidate. Probably the most important question to be discussed in this campaign was that of taxation. This

for the amount we live to pay in taxes is larger than it has been in other years, and for a very good reason. In other years a part of the taxes were charged against vacant lots that did not pay their share. These unpaid taxes remained as a liability on the safety and health committee or the council. He said it was not a personal attack, but that everyone was familiar with the conditions which prevailed in the city toward the close of the Mac-Namara administration.

He read a number of extracts from

most, or quite equal to the amount that had been collected. But these unpaid arrears will some time have to be paid. The tax rate last year was, in consequence, 40 mills, 20 of which was paid and 20 carried over. An adjustment of the levy the rate

finances Mr. O'Connor said that one of the first things the new mayor would have to do on the first of the year would be to obtain an immediate loan of \$400,000 in order to maintain the city's credit and in order to avoid repudiation of indebtedness. There

that's a pretty desperate thing to do. (Laughter.) Your tax liability has been decreased this year and there is the possibility of further decreases. There are three ways in which this

be brought about. One is for the provincial government to increase its aid to the schools from \$1.87 to a few something equal to that paid in other cities, which runs up as high as \$1. There are 10,000 pupils in the Edmonton schools, and if we were

at the same rate as Victoria, B. C. is our grant would be in the neighborhood of \$140,000, and make decided reduction in the taxes. This one of the things Mr. Wilson is trying to bring about.

duced is by the re-calculation of interest charges so that the city can postpone payment of interest charges so long as possible. At the same time, the city has a larger population and a greater material prosperity, may bear its share of the burden.

The speaker said that his suggestion is that if Mr. Clarke is elected and cannot obtain the loan of \$2,500,000, and the city is unable to meet its liabilities along these lines, I think it

AUSTRIAN DIVISIONS BREAK UP
AMSTERDAM, Dec. 4.—Two Austrian divisions and half of another division on the way from the western front broke up near Heilbronn, north of Stuttgart, in Wurtemberg, and left all their equipment behind, according to the Berlin Zeitung. The abandoned material included two batteries of large howitzers and other guns in addition to 4,000 horses.

FOOTBALLERS MAY FLY TO FIELD

BOSTON, Mass., Dec. 4.—Members of the Mineola aviators' football team, which is to meet the Boston College eleven at Braves' field on Saturday, will probably come to the field by airplane. An effort is being made to obtain the sanction of the war department for the air trip.

TOWNS DAMAGED BY EARTHQUAKE

SANTIAGO, Chile, Dec. 4.—An earthquake has occurred in northern Chile. In the towns of Copiapo and Vallenar important damage was caused. In other localities damage of minor importance was done. Reports received here say that the earthquake destroyed Vallenar and that wrecked ten per cent. of the buildings at Copiapo. Several deaths

occurred in Copiapo, where many persons are homeless.

EPIDEMIC STILL SERIOUS AT SOME COUNTRY POINTS

Urgent Call For Help Is Sent to Department From St. Paul

Hon. A. G. MacKay, minister of health, handed out the following statement to the press at noon on Wednesday:—

Once again no new points report the cases, and only 57 new cases from all over the province were reported yesterday. The total number of cases reported to date is 21,121. No deaths reported yesterday.

In the North, the C. N. R. conditions are very variable. At Vermilion, there are quite a large number of new cases within the last two or three days. The same applies to Medicine Hat. At Lethbridge, things are very much improved and an extra nurse who was sent over last evening is allowed to return this evening.

Around Brantford the cases are on the increase and another V. A. D. will be sent this evening. Along the E. D. & C. number of new cases have developed in the Father district, and a nurse will be sent back to re-open the hospital at Brantford.

As to the Athabasca district, the rural part is clearing up well, but there are a number of new cases reported this morning. At Edmonton, the situation is pretty clear and a male nurse who has been in charge of the hospital there reports, this morning.

At Grande Prairie the situation is very serious. The last report is that there is a large staff to handle the situation, and that the situation is not very serious.

The general situation in the south is pretty well indicated by the closing of hospitals, such as Delta, Hinton, Taber and Brooks.

New Cases Reported.
From St. Paul, Minn. just comes the report from the police at Vegreville, that there are 45 new cases in St. Paul and there is an urgent call for help. It so happens that there is a car on the way between Vegreville and St. Paul now.

S. O. E. CHRISTMAS TREE.
The Rose of England, Lodge Edmonton, have decided to arrange for the usual children's Christmas party, with a giant Christmas tree. An invitation is extended to children of members, 12 and under, as well as to children of members who have fallen in the service of the country and Empire. Parents of children eligible will send a check for \$1.00 to the secretary at 414 and 1445, or by writing Mr. Evans, financial secretary S. O. E., Post Office, Edmonton.

DEATH OF JOHN SMITH.
John Smith, who was killed by a train at the junction of the Canadian Pacific and the Grand Trunk Pacific, at 2:00 p.m. on Friday, has been buried at Vegreville, where he was a farmer. He had been in the hospital for some time, and his death was due to heart failure, the death occurring instantly after his arrival at the hospital.

Mr. Smith was for many years a stationery engineer at the Grand Trunk Pacific shops at Calgary and was well known by a large circle.

He leaves to mourn his death, his widow, four sons, John, William, Charles and Ernest, all of Edmonton, and one daughter, Emily, who lives at home.

YOUR VOTE FOR
Charles F. Hepburn
Alderman, 1919.
RESPECTFULLY SOLICITED

Political Advertising by Joseph A. Clark. Municipal Campaign.

In the issue of The Bulletin, December 4th, an alleged letter from "a returned soldier" is published, in which it is stated that I "opposed and worked" in the last Federal election. And I am also quoted as saying and writing "I would send our best young fellows over there to fight" when to my mind the best at that time were already there, etc.

The Editor and Proprietor of The Bulletin was one of the candidates whom I am alleged to have supported in the last election. I worked or spoke at the last election (Federal) in the Edmonton District. I was a candidate for Mayor at that time and the Municipal election was not over until one week before the Federal election.

Under these circumstances, for The Bulletin to allow an anonymous letter of this kind to be published looks very much like rubbing it in with a vengeance.

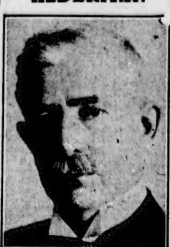

Further, owing to the impossibility of holding public meetings, I had not up to the time of the publication of this letter on Tuesday evening, December 3rd, mentioned the returned soldier in this campaign.

Under these circumstances, the very least that can be asked would be that the alleged letter of the communication referred to should now give his name and authority, or else the editor of The Bulletin should state what "work" I did during the last Federal election.

In spite of what has been said, your Vote and Influence is respectfully solicited for JOSEPH A. CLARK FOR MAYOR 1919.

TANK BATTALION MEN HAD HARD TRIP TO ENGLAND

Many so Wary Upon Arrival They Could Hardly Walk to Camp

Montreal, Dec. 4.—Runners in connection with the voyage of the second tank battalion and a number of men from the 7th Montreal battery, who sailed on board the "Victoria" for England are being attended to by officers from military headquarters at Ottawa. Those who have taken the trip and have since returned state that the men were shipped during the influenza epidemic and that during the voyage no fewer than three officers and 35 men died, and that the lower decks were converted into a hospital with 100 cases, while the remainder of the men refused to step there for fear of infection and went on the upper decks. There are also complaints of lack of medical treatment and insufficient supply of medicine. It is further claimed that when the ship arrived at Avonmouth many of the men were so weak that they could hardly join in the four-mile walk to camp.

GENERAL ORDER IS ISSUED TO BRITISH TROOPS

Men Instructed That Relations Must be Marked by Courtesy and Restraint

London, Dec. 3.—(British Wire)—The following general order has been issued to the troops of the British army of occupation: Interference with the inhabitants of Germany will be confined to what is essential and will be marked by courtesy and restraint. It is not seemly that anything approaching familiarity should be allowed to enter into any relations between British soldiers and men of German nationality, and neither is it in accordance with our traditions to do otherwise than to respect the persons and property of a beaten enemy. Repetition and compensation from the German people are matters for the appointed authorities to take care of. The field marshals, considering in chief, know that he can rely on their acquiescence and their aid in their department, their army, their accessories and their actions which always have characterized the British expeditionary force in France, and he is confident that they will show themselves as they are, the tried and proved soldiers of the victorious British army.

FAIR SHARE OF GLORY NOT GOING TO CANADIANS

Toronto, Dec. 3.—British and Canadian soldiers are not receiving a fair share of glory in the moving picture theatres in this province, in fact, are being almost ignored, while the American soldiers are carried off most of the applause, and the provincial treasurer, Hon. T. W. McCarthy, promises to meet matters in the regard. With this object view, he will place the film exchange today that unless some steps are taken to give the British the great war by Canadian and British soldiers are shown on screen, he will instruct the censors to refuse to show any material that is being shown throughout Ontario at the present time.

TWO MONTHS' FIVE

Toronto, Ont. Dec. 3.—During the two months in which the film exchange was running in Ontario, 3,422 men and 4,484 pictures were shown, reports are still incomplete. In Northern Ontario, the exchange was the meagre as compared with 3,015 in October.

Alderman

Chas. H. Grant

CANDIDATE FOR ALDERMAN, SOUTH SIDE

To the Electors of the City of Edmonton

Ladies and Gentlemen:

After having served for three years as an Alderman of the City of Edmonton, I am, at the request of a large number of citizens, soliciting your support as a candidate for the office of Mayor for the ensuing year, and, if elected, propose to direct my main efforts chiefly to secure more prosperous conditions for the City during my term of office, and the main planks in my platform are, therefore, as follows:

1. To promote the wave of returning prosperity which in my opinion is certain to follow the end of the war, by securing the expenditure in Edmonton immediately of outside capital.

The ending of the war finds our City in a unique condition in that we are in no way dependent upon the manufacture of war munitions or supplies. We have nothing to lose and everything to gain. What we need most is the establishment of manufacturing industries which will ensure a large pay-roll.

There are few vacant houses in the well-settled portions of our City, and the return of our soldiers and the immigration which is sure to follow the end of the war will require the building of many houses and will revive the building trades to a large extent.

This is the time for optimism, not pessimism.

2 Reduction in Taxation

This can only be accomplished in four respects: (a) The Provincial Government must be induced to pay a fair share of the cost of education in the city. The following table shows what is contributed per pupil, per year, by the various Western provincial governments to the different cities in each province:

	Public School	High School
EDMONTON	\$1.87	\$1.73
WINNIPEG	4.11	4.03
REGINA	15.18	15.04
VICTORIA	15.80	16.84

(b) The Dominion Government must be induced to do its part toward the support of the technical school.

Recalculation of Debentures

(c) A large portion of our taxes goes toward the payment of maturing debentures. If permission can be obtained to recalculate these debentures, it will take a great burden off our shoulders and enable posterity to bear its fair share of the value of the improvements.

Rigid Economy

(d) Much has been done toward this in the past few years. It should be still possible to make substantial improvements from time to time. For example, the city utilities during the nine months ending September 30th, 1917, showed a loss of \$17,000.00. For the same period in 1918 there is a profit of \$27,000.00—a total betterment of \$44,000.00. This policy should be continued.

3 Business Tax

This tax is new and has worked some hardship. I am in favor of appointing a committee with representatives of all classes to discuss the necessary adjustments.

4 Health

The health of the inhabitants of the city should be the first consideration. It is suggested, in the idea that the exhibition board had in mind was not the closing of the park, but that a better park be made by providing shelter from the sun and wind, and that the city should be made a place to which people would come to escape the heat and cold of the city. The city should be made a place to which people would come to escape the heat and cold of the city. The city should be made a place to which people would come to escape the heat and cold of the city.

5 Parks

The city should be made a place to which people would come to escape the heat and cold of the city.

6 Police

In some quarters the present chief of police is charged with inefficiency. Neither I nor any other man has any power of dismissal. It is suggested, in the idea that the exhibition board had in mind was not the closing of the park, but that a better park be made by providing shelter from the sun and wind, and that the city should be made a place to which people would come to escape the heat and cold of the city. 7 Credit

The City's credit must be maintained at all costs. We must pay our debts as they mature. I am opposed to any reduction of liabilities. I do not want to attain office by leading anyone to believe that we can escape payment of our liabilities. Our taxes are high. We must look to returning prosperity for the means to pay them.

My policy is to promote in every way the best interests of Edmonton.

Yours truly,

CHARLES E. WILSON

ONAR LAW CONFIRMS ALLIED DECISION

London, Dec. 3.—Speaking at Hotel Imperial, Andrew Bonar Law, the champion of the exchequer, confirmed the statement that the British government had decided to press the Allies as a precedent that the surrender of former Emperor William should be demanded and that he should stand on trial for his crimes before an international court by a certain date the season to examine scientifically the question of how much the enemy could be able to pay. The government would suggest such procedure to the Allies and he believed it would be adopted. The Allied-Allied committee would inquire into the whole question of the decision which was obtained. The steps would then be taken to secure the payment.

THREATEN STRIKE UNLESS IT IS TRIED

New York, Dec. 4.—Unless William Hohenzollern is placed on trial for his crime within a reasonable time, England faces a general economic strike. "The National Union here today when it was known that the surrender of former Emperor William should be demanded and that he should stand on trial for his crimes before an international court by a certain date the season to examine scientifically the question of how much the enemy could be able to pay. The government would suggest such procedure to the Allies and he believed it would be adopted. The Allied-Allied committee would inquire into the whole question of the decision which was obtained.
